2011-2012 Verification of Parent(s)' Name, SS# & Date of Birth

Student Name: _____ Date: _____

When you completed your 2011-2012 Free Application for Federal Student Aid (FAFSA), you were required to provide your parent(s) name, date of birth and Social Security number. The Social Security Administration, however, was not able to make the required match with the reported data.

We can assist you with the reporting of the required data. All you have to do is provide the data in the space below and return the completed form to The Financial Aid office. As soon as we receive this information, we will transmit it to The Federal Processor for you. Feel free to fax the form to us at (802)447-6313.

Please note: If your natural parents are divorced, and your custodial parent is remarried, you must provide the name, date of birth and Social Security number of your step-parent.

If you have any questions or concerns, you may contact us by phone at (802)447-6331 or by email financialaid@svc.edu.
