

Masters of Business Administration (MBA)

Southern Vermont College has an articulation agreement with the Graduate College of Union University which allows current SVC students and alumni to earn an MBA in as little as one year after receiving their baccalaureate degree from SVC.

The MBA program prepares students for analytical, managerial, and executive-level positions in a variety of enterprises. The program emphasizes broad exposure to core business disciplines; the building of analytical, computer, communication, and human management skills; and the development of an ethical, systems-oriented, cross-functional perspective for decision making.

Students who complete the SVC courses listed below with a grade of B- or above can request that the corresponding Graduate College equivalents at Union listed below be waived. This reduces the time required to complete the degree and can result in substantial tuition savings.
