Last year the Vmax 600 and Vmax 500 were the most popular members of the Yamaha snowmobile family because of their new high-output engines and linear-balanced chassis. Judging by the long list of improvements on this year's 600 and 500, they will also top the '95 rider popularity charts. Styling and performance should remain similar to last season.

The Yamaha Vmax SX setup is conducive to quick sports riding- the suspension grips the snow, smoothes the moguls and lets you maneuver quickly and easily on tight trails. Despite the smooth chassis in the 500, the triple power is smoother, but with the 500, you save nearly a grand in initial price.
