The printed user's guide is vague about how this input should be configured. Opening the "menu" on the HDTV, I found a drop-down set of menus. One of the options is "HDMI skipping." It took some time for me to discover that my RG (input #6) had been "skipped." The result was that the input selector on the screen showed option #6 as ...

That Iogear doesn't bother to note this anywhere is bad form. The kicker: while this WUSB adapter isn't WIN7 friendly, the other WUSB adapter made by Iogear IS (GUWA200). Apparently Iogear thinks it's good business to not provide the product information and miss an opportunity to cross-sell from their own product line.
