Where to Find Setups for iRacing. If you've been on iRacing for long enough to get out of the fixed series and into the opens, you'll know exactly how important setups are for your car. They can quite literally be the difference between first and last place and the higher the strength-of-field, the more that they will determine that.

iRacing description of steering map range. Map from your wheel range to the virtual car's range, if greater, to better support wheels with limited rotation. At slow speeds the mapped range will equal the range of the car, but we limit the car's lock to lock at speeds to this value to help improve steering sensitivity.
