The Fifth Column has put together a list of the Field Manuals and Technical Manuals that are most needed and sought after. We then broke the list down into easy to understand subcategories. We then located where each manual is available online. Some of these manuals date back fifty years. Some are this year's edition.

The resources listed in this section of the guide comprise the Library of Congress' holdings of published indexes for "technical manuals" from 1940-1949. These technical manuals and other War Department and Department of the Army publications were identified in FM 21-6, List and Index of Publications. Of these the Library of Congress has identified the following issues in its collections, by date (see list below). For a more in-depth discussion on locating technical reports see: Robert L. Bolin.

An Army Technical Manual may refer to specific equipment (e.g. M-998 HMMWV) or a general subject (e.g. Pneumatic Tires). U.S. Army technical manuals are numbered according to a definite format which evolved over the years. In the modern system, used since the 1960s, the number of the manual contains information that specifies what equipment it ...
