An Applications-Focused Introduction to Probability and Statistics. Miller & Freund's Probability and Statistics for Engineers is rich in exercises and examples, and explores both elementary probability and basic statistics, with an emphasis on engineering and science applications. Much of the data has been collected from the author's own consulting experience and from discussions with scientists and engineers about the use of statistics in their fields.

Miller and Freund's Probability and Statistics for Engineers, by Richard A. Johnson. "Statistics for Engineers" courses are common at universities with engineering programs; today such courses might better be called "Statistics for STEM." To mathematics faculty they are often known as the "calculus-based intro stats" course.
