The Borg are an alien group that appear as recurring antagonists in the Star Trek franchise. The Borg are cybernetic organisms linked in a hive mind called "the Collective". The Borg co-opt the technology and knowledge of other alien species to the Collective through the process of "assimilation": forcibly transforming individual beings into "drones" by injecting nanoprobes into their bodies ...

The Borg were a pseudo-species of cybernetic humanoids, or cyborgs, from the Delta Quadrant known as drones. No single individual truly existed within the Borg Collective (with the possible exception of the Borg Queen), as all Borg were linked into a hive mind which connected all of them and allowed information from every drone who had been brought into the collective to be shared. Their ...

Keep up with the latest "transvestigations" on YT. I do not agree with some of the investigators and radical religious views. I do agree with the idea of Eyes Wide Open and the power of the Light Side over dark forces when the truth is finally revealed. When that happens, we grow up a bit and everything we once thought is completely different.
