The Left believes single-payer gives Western Europe and Canada universal coverage, better care, and lower costs — and that such a payment system would rid American health care of its ills. The Right imagines such a shift would end free-market medicine and America's role as the world's engine of medical innovation (plus bankrupt the country).

[California proves single-payer health care is too ...](#)

Doctors have been promised that single-payer will be a simpler, hassle-free system in which they can return to practicing medicine. Finally, U.S. doctors mistakenly believe single-payer will allow the proper doctor-patient relationship: doctor advises and patient decides. Single-payer is central control of health care.
