Midwifery in the Middle Ages impacted women's work and health prior to the professionalization of medicine. During the Middle Ages in Western Europe, people relied on the medical knowledge of Roman and Greek philosophers, specifically Galen, Hippocrates, and Aristotle. These medical philosophers focused primarily on the health of men, and women's health issues were understudied. Thus, these philosophers did not focus on the baby and they encouraged women to handle women's issues. In fact, Willia
