*The "clash" to which the title of John Bogle's book refers is best explained by this passage from the "About This Book" section in which he compares a clash today between speculation and investment with the clash between science and the humanities that C.P. Snow examines in his book, *The Two Cultures* (1964).*

Clash of the Cultures is a great summary of the breadth of Bogle's 60-plus years in the investment field. He offers observations on the shocking change in the culture of finance that he has witnessed first-hand. Among the most important of the shifts is that short-term speculation has crowded out long-term investment.

The Clash of the Cultures argues convincingly the merits of investing over speculating. Bogle's 'Stewardship Quotient' methodology helps to identify fiduciaries that value stewardship over salesmanship, an all too often mutual fund industry failure. Finally, I like his '10 Simple Rules for Investment Success,' which are logical but seldom ...
