Merely said, the where the rivers meet pipelines participatory resource management and aboriginal state relations in the northwest is universally compatible gone any devices to read.

[Where The Rivers Meet Pipelines](#)

Where the Rivers Meet is an ethnographic account of Sahtu Dene involvement in the environmental assessment of the Mackenzie Gas Project, a massive pipeline that, if completed, would have unprecedented effects on Aboriginal communities. The book reveals that while there has been some progress in establishing avenues for Dene participation in decision making, the ultimate assessment of such projects remains rooted in non-local beliefs about the nature of the environment, the commodification of ...
