

2010-2011 Dependent Asset Information

Name: _____

Your financial aid file was recently pulled for evaluation. However, additional information is needed before we can finalize your financial aid package.

If a student and/or parent were required to file a 1040 Federal Income Tax Return, they must provide Asset Information on the Free Application for Federal Student Aid (FAFSA). Since this information was not reported on your original FAFSA, you and your parents will need to complete the form below, and return it to the Financial Aid Office. Write \$0 for any entry that does not have a value. Please provide the appropriate signatures.

As soon as the requested information is received, your financial aid file will be reviewed and an award letter generated. If you have any questions or concerns, do not hesitate to call the office at (802)447-6317.
